

IEEE INTERNET AWARD
RECIPIENTS

- 2013 - DAVID MILLS
Adjunct Professor, University of Delaware, Newark, DE, USA
"For significant leadership and sustained contributions in the research, development, standardization, and deployment of quality time synchronization capabilities for the Internet."
- 2012 - MARK HANDLEY
Professor of Networked Systems, Department of Computer Science, University College London, London, United Kingdom
"For contributions to Internet multicast, telephony, congestion control and the shaping of open Internet standards and open-source systems in all these areas."
- 2011 - JUN MURAI
Dean and Professor, Faculty of Environment and Information Studies, Keio University, Kanagawa, Japan
"For his leadership in the development and deployment of the global Internet, especially across the Asia-Pacific region."
- 2010 - STEPHEN DEERING
Cisco Fellow (Retired)
West Vancouver, BC, Canada
"For foundational contributions to the development of IP Multicast and IP version 6."
- 2009 - LIXIA ZHANG
Professor, Computer Science Dept. Univ of California at Los Angeles Los Angeles, CA, USA
"For contributions toward an understanding of the complex interactions between Internet components and the developer of the Internet architecture."
- 2008 - MICHAEL BRESCIA
BBN Technologies Senior Scientist, Arlington, MA, USA
"For pioneering work in the development of the first Internet routers"
- AND
VIRGINIA TRAVERS
BBN Technologies, Principal Investigator, Arlington, MA, USA
- AND
ROBERT HINDEN
Nokia Chief Internet Technologist, and Chief Technical Officer
Palo Alto, CA, USA
- 2007 - NOT AWARDED
- 2006 - SCOTT SHENKER - Professor, Department of Electrical Engineering and Computer Science University of California, Berkeley, Berkeley, CA, USA
"For contributions towards an understanding of resource sharing on the Internet."

IEEE INTERNET AWARD
RECIPIENTS

- 2005 – SALLY FLOYD
Senior Scientist
ICSI Center for Internet Research
Berkeley, CA, USA
- 2004 – RAYMOND TOMLINSON
Principal Engineer
BBN Technologies
Cambridge, MA, USA
- AND
- DAVID H. CROCKER
Principal
Brandenburg Consulting
Sunnyvale, CA, USA
- 2003 - PAUL V. MOCKAPETRIS
Nominium,
Redwood City, CA, USA
- 2002 – STEPHEN D. CROCKER
CEO, Longitude Systems, Inc.
Chantilly, Virginia, USA
- 2001 - LOUIS H. POUZIN
Professor, Technology
Théseus
Sophia, Antipolis, France
- "For contributions to the Internet architecture, particularly in the areas of congestion control, traffic modeling, and active queue management."
- "For their key roles in the conceptualization, first implementation, and standardization of networked email."
- "For the design and initial implementation of the domain name system in collaboration with the late Jon Postel."
- "For leadership in creation of key elements in open evolution of Internet protocols: Network Working Group, Request for Comments process and layered protocol approaches."
- "For his pioneering development and effective advocacy of datagram networking, the technology that enabled the rapid, inexpensive, decentralized expansion of the Internet."

IEEE INTERNET AWARD
RECIPIENTS

2000 - PAUL BARAN
Chairman of the Board, Com21,
Inc.
Atherton, CA, USA

"For their early, preeminent contributions in
conceiving, analyzing and demonstrating
packet switching networks, the foundation
technology of the Internet."

AND

DONALD W. DAVIES
Private Consultant
Middlesex, United Kingdom

AND

LEONARD KLEINROCK
Professor, University of California
Los Angeles, CA, USA

AND

LAWRENCE ROBERTS
Founder, Chairman & CTO
Caspian Networks, Inc.
Palo Alto, CA, USA
